

Rayman Financial Solutions, Inc.

Rayman Financial Solutions, Inc. (Rayman Financial) is an Accounting firm that services all industries throughout the State of Georgia. The Company specializes in setting up new small businesses and has the expertise with percentage of completion accounting for Construction companies. Clients will be able to utilize the full turn-key one stop-shop service for all Accounting needs including bookkeeping, accounting and finance related projects.

By outsourcing the accounting function, your company will not have to pay for a full-time accountant plus the high cost of health benefits, commercial insurance and employee related taxes. Whether you need a Bookkeeper or Senior Accountant once a week or once a month, Rayman Financial can meet your Accounting requirements.

If you require tax assistance or a formal audit, Rayman Financial has CPA's that can meet any of your Company's requirements.
